

The nature of control.™

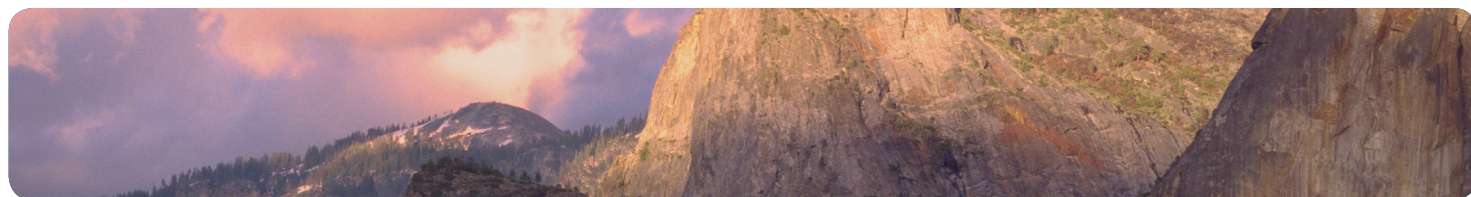

## Dometic Comfort Control Center II

Perfect temperature control is at your fingertips with Dometic's Comfort Control Center II. This easy-to-read and easy-to-use digital thermostat lets you sit back and relax in total comfort. You're in control!

- Large, easy-to-read SMX bluelight display
- Highly responsive internal sensor provides accurate precise control
- Industry first, real time-of-day, area independent, programming
- Optional — independent management of up to four separate zones
- Fully programmable, one source control
- Low profile, ergonomic design
- Real time clock

 **Dometic**

## Dometic Comfort Control Center II

Dometic's long history of creating dramatic products for the RV lifestyle is seen in the Comfort Control Center II. Relax, it's working for you.

**Large SMX bluelight display** is bright and easy-to-read, even in the dark.

**Click response buttons** let you know when you made a change on the control. The smooth touch!

**Large, easy-to-read words and symbols** on the buttons make control a snap.

**Indoor or outdoor temperature display.**

**Residential style time of day programming** — an RV industry first.

**Easy installation** because it is designed for simplicity and accessibility.

**12-button display** makes comfort control simple and easy. More buttons mean more ability to control your indoor environment.

**Built-in sensor** — accurate temperature control and management.

**Zone control** — heat or cool up to four zones independently for maximum comfort.

PROGRAM

**Fingertip control** — impose your will on rooftop or basement AC, Heat Pump, Furnace, Heat Strip, Aquaheat Floor System or Dehumidifier.

**Built-in error codes** make it easy for factory or dealer assistance if needed.

**Internal memory** — it does the work for you.

**Displays actual and set temperature.**

**Low profile modern design** blends into your RV interior with ease.

Black, white or champagne unit colors available.

Over the years of running a mobile RV repair service, having a dedicated place to access service manuals for all the different appliances and components found on RVs was something that I always had a desire to create.

I hope this resource makes your RV repairs easier, as it has mine, but please be careful and follow proper safety practices when attempting to repair your own RV.

If in doubt, please consult with a professional RV technician!
