THE SIGN OF COMFORT

Dometic creates innovative leisure products that are all about your needs — how you and your family enjoy life’s adventures in comfort and security.

2 We understand the nature of shade and are always finding new ways to expand your comfort and enjoyment of the lifestyle. This is exemplified by our full line of manual and power awnings. Dometic — the first word in RV awnings.

LAO3

Extend the LAO3 from your RV, and you'll experience the gold standard among full-function awnings. Arguably the largest, best-built lateral arm in the industry, the LAO3 comes with a roomful of comfort features. Its 10-foot lateral extension maximizes shade and has no posts or arms to get in the way. A pocket size, wireless remote or push-button control panel makes operation easy. Extra-wide sealed hems, aircraft metal alloy, stainless steel and Teflon coating add to its unparalleled durability. Plus, it's available in a variety of colors to match your coach's paint scheme.

Our gutter drain system quickly sheds water from the awning during storms.

The solid-state wind sensor automatically retracts the awning in high winds, protecting your awning — and your RV.

The LAO3's lateral arms are built with four PVC-coated galvanized cables — twice what competitors use. That's extra strength to withstand heavy use.

WeatherPro

An industry leader, the WeatherPro is an elegant and versatile power awning perfect for larger RVs. Outstanding features include a wireless remote for fingertip operation, a patented rain shed feature that automatically directs water off the awning and a rainbow of exciting acrylic colors to choose from.

Customize your awnings
automatic retraction with
our exclusive Gustguard.

The one-touch operation lets you
set the awning retraction sensitivity.

4

WeatherPro Plus With Power Drop Shade

Better and better — a fully automatic drop shade connected to the outer edge of the awning acts like a translucent wall on the WeatherPro Plus. Reduce horizon sunlight by 50 percent and increase privacy with this unique Dometic awning.

The drop shade
automatically
retracts into
the roller tube
for storage and
protection.

Our exclusive
sun-shielding
Ferrari Soltis 86
fabric is flame-
retardant and
extremely durable.

The hand-held
wireless remote opens
and closes the awning
quickly and easily.

Standard on the Weather
Pro Plus, the rugged metal
weathershield protects the
awning and drop shade when
the awning is retracted.

The industry
exclusive solid-
state wind sen-
sor automati-
cally retracts
the awning in
high winds,
protecting our
awning — and
your RV.

A&E Power Awning

The A&E Power Awning combines the convenience of a power awning with the rugged reliability of a manual awning — all in one affordable package. The awning's mildew-proof, moisture-resistant vinyl assures long life and a luxurious appearance. Stylish, rounded rafter arms are tough enough to withstand years of everyday use without bowing or warping. And the Knee Action Design™ lets the awning flex in moderate wind, avoiding damage.

Durability and style come together with the pleasing rounded rafter arms that withstand years of everyday use.

5

The convenient, one-touch, wall-mounted switch easily opens and closes the awning.

The Polar White Weathershield protects the awning during travel.

6

9000™ Plus

Known for top performance and great looks, the 9000 Plus fits virtually every RV. Fade-resistant colors of the patented Shadow™ pattern bring beauty and durability to both sides of the awning. Our industry-first, piston-driven rain shed automatically drains water from the awning to prevent pooling. What's more, the Universal Plus hardware is stronger and more stylish than competing units, adding beauty and long life.

For easy, hassle-free operation, we include self-locking lift handles, conveniently positioned lock knobs and an anti-slack rafter pivot mechanism.

UNIQUE 9000 PLUS FEATURES

- All-metal weathershield
- Carport or patio style setup
- Easy setup with Patented PermaLoop™ pull strap
- Anti-slack rafter pivot eliminates re-tensioning
- Woven Acrylic, Shadow pattern

8500™ Plus

Rugged construction, beautiful fabrics, ease of operation and affordability combine to make the 8500 Plus our most popular awning. Made from durable 13-ounce, 4-ply laminated polyester-reinforced vinyl, the awning has superb resistance to fading, scratching and staining. Designed for durability the fabric's rich, vibrant, color patterns make the awning look great, inside and out.

Universal Plus hardware and heavy-duty torsion springs work hard to keep the fabric at the optimal tension at any awning extension.

UNIQUE 8500 PLUS FEATURES

- Vinyl weathershield is standard
- Optional metal weathershield available
- Rain shed with piston arm automatically drains water
- Patented PermaLoop™ pull strap for easy setup
- Partial or full extension

UNIQUE SUNCHASER II FEATURES

- Carport or patio positions
- Rugged Polar White vinyl weathershield

Sunchaser® II

The industry's best value in a patio awning, the Sunchaser II is so versatile, it perfectly fits just about every type of RV. And with its flexible extension capability, you can extend the awning to any length up to eight feet. Ergonomically designed lock knobs and vinyl-cushioned, non-slip handle make set-up and operation a breeze.

Integrated, patent-pending press lock travel latches keep the awning securely locked, giving you greater peace of mind as you travel.

Heavy-duty, reinforced vinyl canopy has hemmed edges for a neat appearance. The clear acrylic coating resists scratching, fading and staining.

Horizon® II

Here's the perfect awning for truck campers, mini-motorhomes, compact trailers and any smaller RV. For maximum flexibility, you can extend the awning to any length up to seven feet. The V-strut arm design keeps the right amount of tension on the awning at all times, keeping the awning great looking and assuring rapid water runoff.

HORIZON II UNIQUE FEATURES

- Low profile
- Exclusive V-strut lateral arm support resists bowing
- Double-sided waterproof, stain-and mildew-resistant canopy

The easy-to-operate hand crank and pivot make setup simple and easy.

7

The enamel-coated aluminum case with automatic lock keeps the awning safe and secure when not in use.

Our exclusive Notch-N-Lock rafter system holds the awning securely in place, giving you peace of mind when you travel.

Universal Plus Hardware

It's the new standard for RV hardware. Universal Plus from Dometic features exceptional strength and durability while enhancing the awning's elegant looks. The U-shaped arm carries weight loads better and distributes weight more evenly than other hardware. Everything adds up to superior performing awnings — from Dometic, of course!

8

SLIDETOPPER FC
Premium protection and great looks. This top-of-class model has a durable metal case to completely protect your awning.

ELITE SLIDETOPPER
The metal weathershield is rugged and utilizes a stylish wraparound design to completely enclose the awning when retracted.

DELUXE SLIDETOPPER
The long lasting laminated vinyl weathershield provides plenty of protection for slideouts. Waterproof and durable, the vinyl fabric and weathershield prevent damage to the awning.

SlideTopper™

A Dometic SlideTopper is designed to protect your slideout while cooling you RV. Mounted permanently to the unit, high quality, durable vinyl fabric and a wide overhang keep harmful debris away from your slideout. Add upscale beauty and style with a Dometic SlideTopper.

Door Awnings

DOOR AWNING FEATURES

- Enclosed white all-metal case
- 56-inch wide canopy
- Proven design
- Simple, easy operation
- Coordinating fabrics

Power or manual — Dometic is your first choice for quality door awnings. Add curb appeal and function to your RV. Choose from the Oasis™ manual awning with vibrant colors or the power Oasis Elite™ awning with WeatherPro wireless remote.

Window Awnings

Beautiful and functional, Dometic window awnings keep out harsh sunlight and gentle rain. The awnings keep your RV cooler, protect your furnishings and allow you to leave your windows open even when it's raining.

POWER WINDOW AWNINGS

Our power window awnings come in a choice of colors. Its push-button power function lets you open or close as much as you desire.

DELUXE PLUS™ VINYL WINDOW AWNING
The Deluxe Plus vinyl awning is fully waterproof with polar white weathershield.

ELITE™ ACRYLIC WINDOW AWNINGS
Crafted from woven acrylic fabric for comfort and beauty the Elite window awning with metal weathershield is easily maintained, water resistant and made from woven acrylic fabric.

Extend and Improve Your Living Space

PATTY O'ROOM™

Transform the area under your RV awning into comfortable screened-in living space, and enjoy freedom from pesky insects. Patty O'Room's enclosure is made from durable, non-flammable screen fabric that repels moisture, dries quickly and resists mildew. After initial installation it easily sets up in about 10-minutes. Standard and tall kits available.

PATTY O'SHADE™

Is the sun too bright or the neighbors too close? Slide in your Patty O'Shade. The vinyl-coated polyester mesh shade cuts sun glare by more than 50 percent. It's available in a variety of no-fade colors plus two sizes that fit all Dometic awnings as well as most other brands.

PATTY O'MAT™

Protect those bare feet and keep dirt from getting tracked into your RV with Patty O'Mat. Made from our premium quality, durable, open weave polyester, it's available in three sizes and four colors to complement the Patty O'Room and Patty O'Shade.

Xtend-A-Room

Add up to 60 square feet of living space to your toy hauler, and use the extra room to kick back and relax before — or after — a full day's activities. Screens on three sides give you a great view of the outdoors. The bottom area of each side helps keep you private.

Standard and large room sizes available.

Optima Tension Rafter System

Stabilize your awning and give it the correct tension — whether extended or retracted. The Optima Tension Rafter System is easy to mount and operate. It's self-storing and comes in a variety of finishing colors to match the rest of your hardware.

Fabric Colors

Dometic awnings come in a vibrant array of colors that enhance any RV. Check our Acrylic Shadow, Summer Shade single-sided vinyl awning palate or the double-sided Shadow color selection.

You can find more RV service manuals here:

www.myrvworks.com/manuals

Over the years of running a mobile RV repair service, having a dedicated place to access service manuals for all the different appliances and components found on RVs was something that I always had a desire to create.

I hope this resource makes your RV repairs easier, as it has mine, but please be careful and follow proper safety practices when attempting to repair your own RV.

If in doubt, please consult with a professional RV technician!

DARREN KOEPP - OWNER, MY RV WORKS, INC.
