MyRV™ w/ OneControl Touch Panel

OWNER'S MANUAL

LIPPERT COMPONENTS

TABLE OF CONTENTS

System Information

The OneControl Touch Panel (OCTP) is a MyRV™ compatible touchscreen device that provides system controls and monitoring software for the recreational vehicle unit. The systems include slide-outs, leveling systems, awnings, lighting, temperature, water tanks, tire pressure, battery levels and any other compatible systems installed on the unit and programmed into the MyRV™ system. Powering up the unit will also power the OneControl Touch Panel and the various controllers throughout the unit.
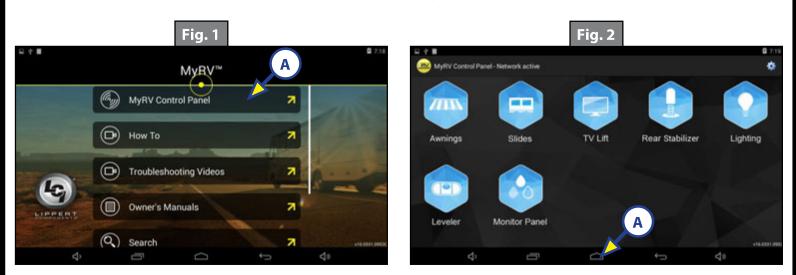

Operation

Power On/Off

1. The device can be powered on or off using the button on the front of the device.

   NOTE: It will take a few moments to start up and load the system.

2. To enter or exit sleep mode, press and release the power button.

Control Panel

1. Locate "MyRV™ Control Panel" (Fig. 1A).
2. Pressing the "MyRV™ Control Panel" (Fig. 1A) will open the "MyRV™ Control Panel" (Fig. 2).
3. Press the icon of the system you wish to operate.

   NOTE: The control panel will show icons representing the devices connected to the MyRV™ system. Push the system "Home" icon (Fig. 2A) to return to the MyRV™ home screen.

Fig. 1

Fig. 2

System Operations

NOTE: System menus that are grayed out (Fig. 3) are loading and cannot function until loading is complete and the menu options are blue (Fig. 4).

NOTE: Push the applications "Home" icon to return to the MyRV™ home screen (Fig. 3A).

Fig. 3

Fig. 4

A. Lighting (if equipped Fig. 2):
- **I.** Pressing the highlighted "On" or "Off" on the "Master Light" will turn all lights on or off (Fig. 5A).
- **II.** Pressing the highlighted "On" or "Off" will turn individual lights on or off (Fig. 5B).
- **III.** If the unit is equipped with colored lighting, pressing the settings icon (Fig. 5E) will allow the adjustment of the light name, mode, color, intensity and speed (Fig. 6).

NOTE: Status of individual lights is displayed by the light bulb to the left of the light name. The light icon will display a lit bulb (Fig. 5C) if the light is on and a dim bulb (Fig. 5D) if the light if off.
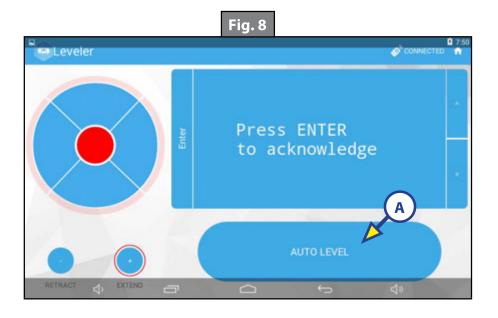

Fig. 5

Fig. 6

B. Awning (if equipped Fig. 2):
   I. Select an awning to operate (Fig. 7A).

NOTE: If there are multiple awnings on the unit, you will be prompted to select which awning to operate.

   II. Pressing "Extend" will extend the awning (Fig. 7B).
   III. Pressing "Retract" will retract the awning (Fig. 7C).

Fig. 7

C. Levelers (if equipped Fig. 2):
   I. Pressing the "Levelers" icon will allow you to access the leveling user interface.
   II. In order to level the unit, press the "Auto Level" button (Fig. 8A).

Fig. 8

D. Rear Stabilizer (if equipped Fig. 2):
   I. Pressing the "Rear Stabilizer" icon will allow you to access the rear stabilizer screen.
   II. To extend the rear stabilizer, press the "Extend" button (Fig. 9A).
   III. To retract the rear stabilizer, press the "Retract" button (Fig. 9B).

Fig. 9

E. TV Lift (if equipped Fig. 2):
   I. Pressing the "TV Lift" icon will allow you to access the TV Lift screen.
   II. To raise the TV lift, press the "Up" button (Fig. 10A).
   III. To lower the TV lift, press the "Down" button (Fig. 10B).

Fig. 10

F. Tank Monitor (if equipped Fig. 2):
    I. Pressing the "Monitor Panel" icon will allow you to access the tank monitor screen (Fig. 11).
    II. The monitor symbols to the left will allow you to see the status of the various tanks (Fig. 11).
    III. Pressing the device buttons on the right (Fig. 11A) will activate the component. The icon to the right will light up when the corresponding device is in use (Fig. 11B).

Fig. 11

G. Slides (if equipped Fig. 2):
    I. Pressing the "Slides" icon will allow you to access the slide-out screen.
    II. Select a slide-out to operate (Fig. 12A).
    III. Pressing "Out" will extend the slide-out (Fig. 12B).
    IV. Pressing "In" will retract the slide-out (Fig. 12C).

You can find more RV service manuals here:

www.myrvworks.com/manuals

Over the years of running a mobile RV repair service, having a dedicated place to access service manuals for all the different appliances and components found on RVs was something that I always had a desire to create.

I hope this resource makes your RV repairs easier, as it has mine, but please be careful and follow proper safety practices when attempting to repair your own RV.

If in doubt, please consult with a professional RV technician!

DARREN KOEPP - OWNER, MY RV WORKS, INC.
